IT'S NOT JUST A SWITCH. IT'S A SWITCH WITH A VISION.

Presenting Vision switches, a perfect combination of sleek design, great comfort & redefined safety.

VISION
JAPANESE QUALITY & STYLISH DESIGN

Design

6mm-thin plate and scratch resistant textured surface with matte finish. Available in elegant white & silver black.

Comfort

A design for silent switch operation and soft touch. Cover plates available with inbuilt locator.

Safety

India's 1st switch with screwless termination for safe & fast wiring. Fire Retardant Urea back-piece.

When idea meets technology and desire meets design; the outcome is often revolutionary. Take the Vision switches for instance. With futuristic ideas and cutting-edge technology, Vision switches are designed with just one aim in mind; to amaze.

CREDAI NATIONAL INVESTITURE CEREMONY 2017

THE UNVEILING OF 250 AFFORDABLE HOUSING PROJECTS

CREDAI has decided to assume a major role in involving private sector developers for affordable housing projects. At the installation ceremony of the new team at Ahmedabad scheduled for 8-9 April, 2017, 100 affordable housing projects by CREDAI members would be inaugurated at the hands of Shri M. Venkaiah Naidu, Hon'ble Union Minister of Urban Development, Housing and Urban Poverty Alleviation, Government of India through unveiling of plaques. The launch would generate awareness of the projects and encourage others to join the National Mission of Housing for All.

Details of affordable housing projects which may be inaugurated simultaneously by unveiling of plaque are being collected. The affordable housing project should fulfil the following criteria:

- a. At least 90 per cent of the total units being developed in the project should be less than 110 square meters in terms of carpet area. A project with less than 90 per cent of units with carpet area less than 110 square meters would not be eligible.
- b. Sanction of building plans for the project must be in hand or applied for.
- c. All projects sanctioned after April 1, 2016 are eligible.
- d. Project size should be above 5,000 sq. meters of total Floor Area.
